

AppRush 1337 Hackathon

By APPX Club

A person with long dark hair, seen from behind, is sitting at a desk in a dimly lit room. They are looking out a large window at a city skyline at night, with many lights visible. On the desk in front of them is a large digital display showing various data and charts. The overall atmosphere is tech-focused and professional.

What Is AppRush 1337?

A 48-hour hackathon where 1337 students come together to design and build a mobile app focused on **event management for our school**.

- Create solutions that 1337 students and staff could actually use.
- Powered by creativity, teamwork, and caffeine.

Why Are We Doing This?

Empower Student Innovation

Give 1337 students the opportunity to learn, build, and collaborate by creating real mobile applications in a competitive, fun environment.

Solve a Real Problem

Design an event management app that can actually be used at 1337 to improve how we organize and attend school events.

Who Can Participate ?

The hackathon is open to all 1337 students, starting with the Khouribga campus. Each team must have 3 to 5 members and register in advance by filling out the official form. Only pre-registered teams will be allowed to participate, so make sure to gather your teammates and sign up before the deadline !

Hackathon Theme

Build an Event Management App for 1337 :

- Let's solve a real problem managing workshops, talks, coding nights, and more.

01

Event discovery

02

RSVP & calendar

03

Notifications

04

Check-ins & feedback

The hackathon agenda

Day 1

09:00 – 10:30

Registration & breakfast

11:00 – 12:00

Opening ceremony & rules | Theme announcement + idea pitching

12:00

Hackathon starts (coding begins)

14:00

Lunch

20:00 – 22:00

Dinner

The hackathon agenda

Day 2

08:30 – 09:30

Breakfast

All day

Development + mentor sessions

13:00 – 14:00

lunch

20:00 – 21:00

Dinner

The hackathon agenda

Day 3

07:00 – 09:30

Final coding sprint

09:00 – 10:00

Submission & demo prep

10:30 – 12:30

Final demos (10 – 15 mins per team)

12:30 – 13:30

Filtering non working apps

13:30 – 14:30

Lunch

14:30 – 15:00

Voting

15:30 – 17:00

Judges and Awards & closing ceremony

Judging Criteria

Each project will be scored out of 50:

Judging Criteria Table

01 Technical Quality

02 UI/UX

03 Innovation

04 1337 Relevance

05 Presentation

Rules & Guidelines

- 01 All code must be written during the event
- 02 Use any tools or frameworks (e.g., Flutter, Firebase)
- 03 Respect the time limit submit before the deadline
- 04 No plagiarism be original
- 05 Be respectful to others and the workspace

Tools & Support

01

Flutter, React Native,
Firebase, Supabase, etc.

02

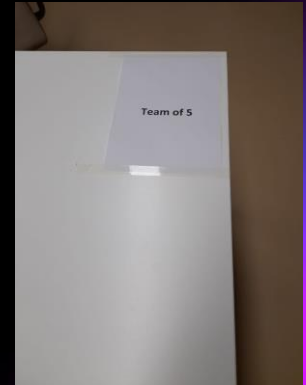

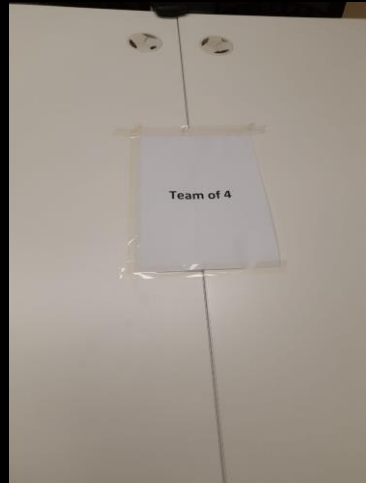

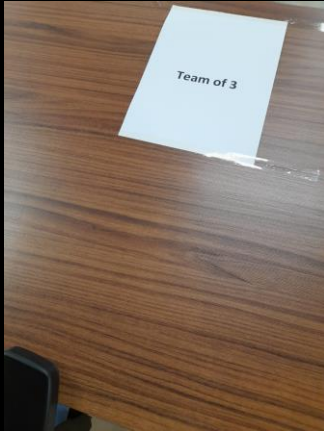

Figma, GitHub, VS
Code, Postman

03

Food, rest zones, Wi-Fi,
charging stations

Important Note

Each team needs to be seated according to its size.

THANK YOU
